

Plant APPRECIATION DAY

The Western Cape has incredibly unique flora and planting should take place at the right time of the year. Help us work towards planting one million trees by planting one today!

Do's

Don't

Plant indigenous species –
they are adapted to local conditions and use less water.

Plant in the right season –
the wetter months are best for planting in the Western Cape.

Plant invasive species –
these are harmful to the environment and use more water (Port Jackson trees).
